Subject: Ford 6.4L Complete HD Diesel

Attached are the draft Decision Document, the letter from Ford requesting approval for new scheduled maintenance, and a draft approval letter for the new scheduled maintenance request for the Ford chassis certified 6.4L complete heavy-duty diesel test group that uses SCR.

Michael has already reviewed the Ford letter, so I would ask him to focus on the Decision Document and the approval letter.

Please let me know if you have any comments.

Thanks,
Linc
